A bit about your tour

We only have small groups up to 8 persons ensuring a more personal holiday.

Cost of package is based on a twin or double share basis.

There is a single occupancy available for an additional cost.

Airfares are not included. Our driver will pick up guests at the Cochin Airport and take you to the hotel.

Our tour starts at 10am the following day from the hotel.

To reserve your Kerala Journey please contact us by email or telephone. Once you have fully paid for your tour we will send you our daily trip notes.

Some handy tips for your tour

Kerala has a warm climate of 25°C to 30°C so casual linen or cotton is best for travel. Don't forget your swimwear as all hotels have swimming pools.

A pair of thongs or slip off shoes are handy as most buildings we visit require footwear to be removed though it is fine to leave socks on.

Bottled water is provided for you each day. Please do not drink the water as we are not resistant to the bacteria in the water. Brush your teeth with bottled water provided free at hotels.

A visa is required and can be acquired over the internet cost about (\$50 Aus) when lodged on official India Site. Other visa services will cost more.

Depending on where you travel from, some tablets or injections are recommended, please check with your doctor.

We look forward to taking care of you on your journey and showing you this amazing country.
